	ST. PETE’S Dutch 1950's Armchair on Brass-finished Legs, vintage chair, midcentury furniture	Dutch 1950s armchair on brass-finished legs. White patterns on the embroidery plays with the white-painted legs, combination of the yellow velvet and blue background brings forth the Hermitage and Tsarskoe Selo (Tsar Manor). The armchair embodies the bright side of St. Petersburg – poetic, elegant, charming.	124465
	Vintage reupholstered chairs, mexican embroidery	Set of two French 1920’s chairs after gentle refinishing. The early rococo style goes surprisingly well with Mexican multi-color embroidery – traditional pride of Oaxaca region. The ogirin of the noble couple’s name is the embroidery materials – each story begins with the fabric and thread.	97029
	Sun of Naples. Two vintage suzani chairs, 1960's classics	Two pieces, 1960s classics. Central element of suzani is an ideal target for the bloodthirsty Naples Camorra mafia. The rest of the picture is serene: orange sun, blue skies, denim for bambino, flirty spotted dresses for signorinas. Deadly innocent armchair is the best alibi for the new Marco di Lauro.	147216
